PROFILE

Highly motivated Full-Stack .NET Developer with an Intensive Training Diploma from ITI. Proficient in backend and frontend technologies, I'm dedicated to crafting clean, maintainable, and efficient code. Eager to stay updated on the latest trends,I'm seeking opportunities to leverage my expertise in creating high-quality, scalable software solutions.

EDUCATIONN

Intensive Training Diploma in Full Stack Web Development using .Net technologies Information Technology Institute(ITI),Ministry Of Communications and Information Technology (MCIT) - Mansoura Branch	06/2025 – Now
BSc's of Computer Science, Faculty of Computers &Information Technology - Mansoura University. *With Good Grade*	2017 – 2021

PROJECTS

-Product Catalog Web Application ⧉   04/2025 – 04/2025

Built a product management system using .NET Core MVC and EF Core, with admin-only access via ASP.NET Identity. Features include time-based product display, image upload, category filtering, and logging of updates with user info. Followed Clean Architecture principles and implemented error logging.

Technologies Used:
- .NET Core MVC – Web application development framework
- Entity Framework Core (EF Core) – ORM for data access with MSSQL
- Microsoft SQL Server (MSSQL) – Relational database
- ASP.NET ⧉ Identity – For role-based access control (Admin/User)
- Git – Source control (GitHub/DevOps)

Key Features:
- Role-based access control: Admins can manage (Add/Edit/Delete) products.
- Time-based product visibility logic.
- Product management.
- Category-based filtering for products.
- Product change tracking: logs updates with timestamp and user ID.
- Error logging mechanism integrated with the application.
- Admin-only view for full product catalog (all time).
- Detailed product view with image and properties.
- Database seeding for product categories.
- Implemented proper exception handling and security measures.

-Kiara Store ⧉   10/2024 – 11/2024

Comprehensive e-commerce website development project, a leading online marketplace. This project aimed to showcase my proficiency in web development, user experience design, and e-commerce functionalities.

Technologies Used:
- Asp.Net Web API , EntityFramework , SQL Server
- HTML , CSS , JavaScript , Bootstrap , Sweetalert2

Key Features:
- Product List: Explore products with detailed descriptions, prices, and image.
- Shopping Cart: Manage items in your cart effortlessly.

- Favorite Cart: Save your favorite products for easy access later.
- User Authentication: Secure login for personalized account management .
- Payment: Upon clicking payment, the payment details are saved in DB

_____

Graduation Project guide 2021
Grade: Excellent

TECHNICAL SKILLS

.Net
C#, Entity Framework (EF) Core, LINQ,
ASP.NET Core MVC, ASP.NET Core Web API,Object-oriented programming (OOP).

Frontend
HTML5, CSS3, Bootstrap, Advanced JavaScript,
ES6,Typescript,Angular,Jquery,AJAX

Version Control
Git, GitHub

Database
MS SQL Server

CERTIFICATES

Front-End Development Training Program ⬀ 2025
Focused on practical front-end technologies, project implementation, and applied skills.

Database Fundamentals ⬀ 2022
by Maharatech

Training course in Innovegypt. ⬀ 2021
Had worked with my team in innovEgypt internship on aproject(mobileapplication)
which create an environment for fat people and help them to be more thinner in a
funny way

UX Design ⬀ 2021
by Edrak

FrontEnd ⬀ 2020
by Udacity

PERSONAL SKILLS

- Time Management
- Communication Skills

- Attention to details.
- Willingness to learn

WORK EXPERIENCE

Front-End Development Intern – Web Masters 2025
*Built practical projects with focus on real-world applications and Prepared for job-market
readiness through applied learning.*

Work as. Net Developer in the code company 2024

Worked as a moderater. 06/2022 – 10/2023

LANGUAGES

- Arabic(Native).
- English(good).
